Arthroscopic Meniscal Root Repair Perfected

The SutureLoc™ implant is a knotless, retensionable soft anchor specifically for arthroscopic meniscal root repair

Designed for retrograde insertion directly under the repair subcortically to improve fixation strength and stiffness by eliminating suture-fixation devices in the anterior tibia¹

Suture retensionability throughout the procedure is especially advantageous after ACL reconstruction

Dear Magellan Society Members, Colleagues, and Friends,

It is our great pleasure to welcome you to the 2026 Magellan Society Biennial Meeting in the beautiful and historic city of Vienna, Austria. Known for its rich cultural heritage, world-class music, stunning architecture, and warm hospitality, Vienna provides an exceptional setting for our Society to gather, exchange ideas, and enjoy time together.

This year’s meeting promises to be an engaging and meaningful opportunity for scientific exchange, collegial discussion, and international collaboration. We are grateful to all those who have contributed to the program through presentations, case discussions, and thoughtful participation. Your work and expertise continue to strengthen the educational value and spirit of the Magellan Society.

We would also like to extend our sincere appreciation to our generous sponsors. Their support helps make this meeting possible and allows us to create a valuable and memorable experience for everyone in attendance. We are grateful for their continued commitment to advancing education, innovation, and collaboration in sports medicine.

It is wonderful to welcome so many familiar faces and new colleagues from around the world. The Magellan Society has always been built on friendship, shared learning, and the open exchange of ideas across borders, and this meeting is a true reflection of that global community. We hope the days ahead provide not only excellent scientific discussion, but also opportunities to reconnect, build new relationships, and enjoy all that Vienna has to offer.

Thank you for being here and for contributing to the success of this gathering. We look forward to a memorable meeting together in Vienna.

Warm regards,

Christian Fink, MD
